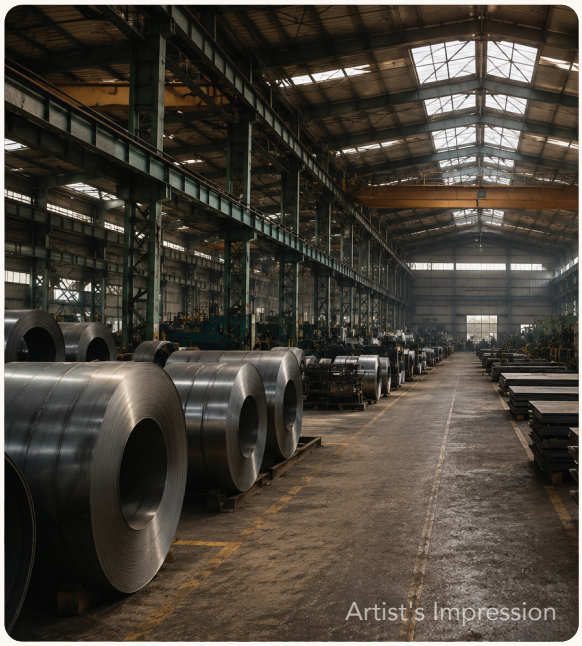
OUR STORY

A LEGACY FORGED IN STEEL

For over 50 years, Gopinath has been a trusted name in iron and steel furniture, built on a foundation of quality, reliability, and strong customer relationships. Starting with finance solutions that helped families and businesses access essential products, the company earned lasting market trust that paved the way for its manufacturing journey.

In 1973, Gopinath began manufacturing durable iron cupboards from a modest 500 sq. ft. unit. As the business grew, Mr. Vasudev envisioned a premium future, leading to the creation of ALMIRO, a brand that continues to uphold the values of craftsmanship, integrity, and trust.



THE JOURNEY

FROM 500 SQ. FT. TO A 1-LAKH SQ. FT. VISION

Our journey reflects steady growth, quality craftsmanship, and decades of customer trust. From a small manufacturing unit to a respected industry name, Gopinath and ALMIRO continue to build for the future.

1973 – THE BEGINNING
Started with two craftsmen in a 500 sq. ft. unit, manufacturing durable iron cupboards.

THE RISE
Expanded across residential and commercial markets through a quality-first approach.

ALMIRO
Launched by Mr. Vasudev as a premium brand focused on refined design and superior craftsmanship.

TODAY
Operating from a 30,000+ sq. ft. facility with 60+ skilled craftsmen and advanced manufacturing capabilities.

NEXT
Working towards a 1,00,000 sq. ft. vision, scaling innovation and excellence for future generations.

IN-HOUSE MANUFACTURING

1. **CUTTING & FORMING**
CRCA steel sheets are precisely cut and shaped using dedicated dies for accurate, repeatable results.

2. **WELDING & ASSEMBLY**
Components are expertly assembled and reinforced to create strong, durable structures built for everyday use.

3. **SURFACE PREPARATION**
Each unit undergoes thorough treatment and finishing processes to ensure a smooth, long-lasting surface.

4. **3-COAT POWDER FINISH**
A premium three-layer powder coating delivers superior aesthetics, corrosion resistance, and lasting durability.

WE DON'T USE REGULAR MS.
WE USE CRCA.

SUPERIOR SURFACE FINISH
Smooth, even surfaces ensure better paint adhesion and a refined appearance.

ENHANCED STRENGTH
Higher hardness reduces dents, wear, and everyday damage.

PRECISION ENGINEERING
Consistent thickness and accurate dimensions ensure perfect fit and finish.

LASTING PROTECTION
Treated steel and a durable powder-coated finish provide excellent resistance to rust and corrosion.

ENGINEERED USING PREMIUM CRCA STEEL

Every Almiro product is crafted using CRCA (Cold Rolled Close Annealed) steel, a premium-grade material chosen for its strength, precision, and durability. Naturally termite-proof, highly durable, fire-resistant, and low maintenance, it withstands daily wear, impacts, and harsh conditions while retaining its structural integrity. Resistant to warping and cracking, CRCA steel delivers superior performance, enhanced protection for important belongings, and a longer product lifespan with minimal upkeep.

TRUSTED ACROSS INDUSTRIES

HOMES & RESIDENCES

OFFICES & CORPORATES

FURNITURE THAT OUTLASTS GENERATIONS

Engineered for Value. Built to Last.

Almiro, the modern storage brand from Gopinath Steel Industries, brings together years of manufacturing experience, thoughtful design, and quality craftsmanship. Built with a focus on durability and functionality, Almiro offers modern storage solutions designed for everyday living.

More Value in Every Product.

Every Almiro product is manufactured from high-grade CRCA steel and fitted with 6-lever locks and carefully selected quality hardware. Precision in-house manufacturing ensures exceptional strength, durability, and a clean finish. Backed by a comprehensive after-sales support ecosystem that sets us apart in the industry, our storage solutions come with a 5-year guarantee on locks and a 10-year guarantee on the product, ensuring long-lasting reliability and peace of mind. With a longer service life, lower maintenance requirements, and reduced lifecycle costs, our quality-first, value-for-money approach ensures that every investment delivers greater value.

Value That Lasts Beyond the Purchase

Almiro creates modern steel storage solutions for organizations that value reliability over short-term savings. Every product combines precision engineering, high-grade CRCA steel, carefully selected premium locks and hardware, and thoughtful manufacturing to deliver superior performance throughout its working life. It is a quality-first approach designed to add value to every rupee spent.

Unlike conventional alternatives, our products require minimal maintenance, resist everyday wear, and perform reliably year after year. This resilience makes every investment more worthwhile.

Built to outlast generations, the way a well-made almirah always has.

Manufactured to a Higher Standard

Every cabinet is made from high-grade CRCA steel and fitted with carefully selected locks and hardware. Precision in-house cutting and forming ensure consistent quality, greater structural strength and lasting durability.

After-Sales Service That Outlasts the Sale

We stand behind everything we make with dependable after-sales support that is unique in our industry. True institutional value lies in the dedicated support your organization receives long after installation.

Warranty
Terms & Conditions

We stand behind the quality and durability of our furniture, offering a clear and trustworthy warranty for your peace of mind.

10 YEARS
COLOUR / FINISH WARRANTY

5 YEARS
HARDWARE WARRANTY

1

Warranty Coverage

Colour / Finish: 10 years against peeling, flaking, and premature deterioration under normal usage.
Hardware: 5 years against manufacturing defects in supplied hinges, locks, handles, and other covered hardware.

2

Products Covered

All eligible iron and steel furniture manufactured and supplied by our company, including factory applied finishes and original hardware.

3

Warranty Claim Procedure

Customers must provide the purchase invoice, product details, and photographs or videos of the defect. The product may be inspected before approval. Approved claims will be addressed through repair, replacement, or refinishing at the company's discretion.

4

Warranty Exclusions

Warranty does not cover normal wear and tear, scratches, dents, misuse, overloading, accidental damage, rust or corrosion caused by moisture or chemicals, unauthorised repairs, improper installation, or natural disasters.

5

General Terms

Warranty begins from the invoice or delivery date specified in the purchase documents. Valid proof of purchase is required. Transportation, dismantling, and reinstallation charges are excluded unless agreed in writing. All terms are subject to applicable Indian laws and consumer rights.
